The Taskmasters, by Mr. George Kibbe Turner, is the first volume of the First Novel Series that has been projected by a leading firm of publishers. We may say at once that the series will be in no danger of failure if it can be maintained upon the level of this novel. The theme is found in the political and business life of a New England factory town, and, although well worn in its main outlines, this theme is here set forth with a degree of judgment and literary skill that has not often been equaled.
