A place of brooding darkness, where no shadows exist, and where Drizzt Do'Urden does not wish to go. The noble dark elf must return there, though, must go back to find his friends in the gnome city of Blingdenstone, and on to Menzoberranzan, the city of drow. Only then can Drizzt discern what perils might reach out from that dark place to threaten his friends in Mithril Hall. He finds allies where he least expects them and enemies he thought long gone. His scimitars slash at monsters too evil to reside under the sunlight of the surface world, while his inner strength wrestles with the tumult of emotions assaulting the noble drow when he looks once more on his dreaded homeland. All the while Drizzt must fend off the weight of guilt he carries for a dear friend lost to him forever.
