

The Trillion Dollar Internet of Things (Paperback)

By Lucas Matthews

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A few years ago it would have been quite hard, but at the rate the world is going it is quite easy to imagine a world where billions of devices are able to sense, communicate and provide information. The term internet of Things (IoT) is actually not new. Many companies have been exploring this concept and some have actually innovated devices that incorporate the idea of internet of things. Internet of Things is a concept that describes the system of physical objects, buildings, vehicles and other items that are implanted with electronics, sensors and network connectivity, which enables these devices to gather and exchange information. The Internet of Things has lots to offer and the invented objects will be used to initiate action, provide a wealth of intelligence for planning, management and decision making. Welcome to the world of the Internet of Things (IOT) and its endless possibilities.
