If you re like most people struggling to keep a job, raise a family, take care of your home and fit some personal time into your life as well, then wasting time trying to figure out What s For Supper? just won t do. I personally experienced this problem so many times. And sometimes, when I went online to look for meal ideas, I would get frustrated with the fact that many of the recipes contained items that I had never heard of or at least never kept in my kitchen. I wanted recipes and ideas that were down to earth regular food. I wanted to fix meals that were so simple that I could prepare them in an hour or less. Meals that my family might have thought I spent hours on. This book was designed to offer an easy solution to the question, What s For Supper?.
