Music Theory Resource Book

By Harold Owen

Oxford University Press Inc, United States, 2000. Spiral bound. Condition: New. New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Ideal as a core or supplementary text for the standard two-year music theory course and for graduate courses in theory review, Music Theory Resource Book covers all the topics typically studied in the basic music theory sequence. Concise and accessible, it features a basic anthology of musical examples-most of them complete compositions-from a broad range of periods and styles. Each chapter begins with these musical examples, which are followed by thought-provoking discussion questions that encourage students to learn through a discovery approach. A succinct outline follows the discussion questions, summarizing the principles of music theory for easy reference and review. Exercises at the end of each chapter engage students in a variety of analytical and practical tasks ranging in difficulty from simple (designed for all students) to more challenging (intended for students with more extensive backgrounds). Music Theory Resource Book covers topics not usually found in standard theory texts including basic acoustics, contrapuntal techniques, jazz harmony, musics from non-Western cultures, and music...

Reviews

Absolutely essential study pdf. It is one of the most incredible ebook i actually have go through. Its been printed in an exceedingly basic way and it is merely soon after i finished reading through this ebook where basically altered me, affect the way i think.

-- **Darby Ryan**

It is great and fantastic. It can be writter in easy phrases and never hard to understand. You will not really feel monotony at at any time of your respective time (that's what catalogues are for concerning if you request me).
